(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply.)

The Office Action mailed November 10, 2009, was never received.

1. By a Notice mailed on Nov. 18, 2009, the USPTO accepted a Power of Attorney and change of correspondence address filed Nov. 4, 2009, in favor of the above. (copy attached)
2. Applicant's attorney has established the following system for recording receipt of documents, including Office Actions, at the correspondence address: (a) The attorney's assistant makes a pencil notation of receipt in the upper right corner of the document (example attached); (b) The assistant posts an e-mail Task Notice to the attorney's Microsoft Outlook Mailbox; (c) The assistant places the paper copy in the attorney's inbox, and (d) The attorney enters an action date, due date, case number and nature of the issue on his "To Do" list (copy attached).
3. A search of the Outlook Mailbox for the month of November, 2009 shows no Task Notice.
4. The attorney's "To Do" list shows no entry for an Office Action in Nov. 2009 for this case.
5. A search of the 10/539,202 application file, including other country files for the same case, did not locate the Office Action, but did produce the Notice regarding acceptance of the Power of Attorney.
6. The attorney points out that the Power of Attorney was mailed on November 18, 2009 and, while the PAIR reveals an Office Action dated November 10, the Notice of Abandonment mailed June 7, 2010 cites a failure to respond to an Office letter mailed November 18 (not the true date Office Action date of Nov. 10). This suggests that there may have been a confusion of the documents actually mailed.
7. Applicant also points out that the Office Action suggested allowable subject matter (subject to an amendment which is now being made in the enclosed reply). This would have provided strong incentive for Applicant to reply to the Action in a timely fashion, underscoring that the abandonment was truly unavoidable.
